

Baffles

Kangan Tafe - Docklands

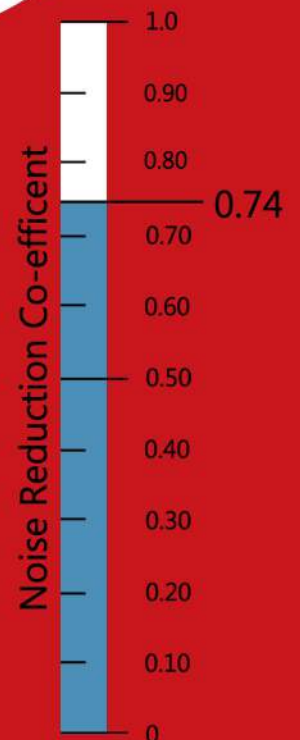

The latest member of the range, RenAcoustic Baffles offer almost unlimited scope in design and application.

Baffles can be hung vertically or horizontally and are available in a multitude of colours, sizes and shapes.

Offering outstanding acoustic performance, RenAcoustic baffles are an ideal solution for designers looking to incorporate acoustic absorption without the traditional look of a standard two-way exposed tile ceiling.

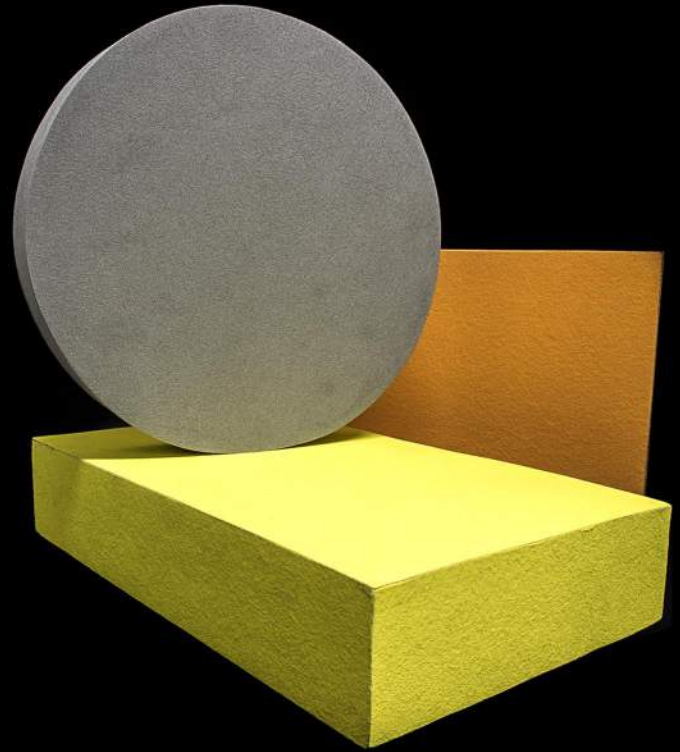

Design flexibility and superior acoustics need no longer come with a hefty price tag!

RENACOUSTIC BAFFLES IN BRIEF
